

frame back panel may still retract into the primary tailgate, with said top rail visible along a top end of said primary tailgate of said truck.

AMENDMENTS IN THE SPECIFICATION

Please amend page one, section one, entitled CROSS-REFERENCES TO RELATED APPLICATIONS, to read as follows:

CROSS-REFERENCES TO RELATED APPLICATIONS

This is a Divisional Patent Application; the parent patent application being Serial Number 09/795,170, filed on February 27, 2001, and published as U.S. Patent Application No. 2002/0121794, on September 5, 2002, and issued as U.S. Patent Number 6,742,822 (2004). The entire declaration, oath, specification, disclosure, and drawing figures, and each of them, from said parent patent application and said issued patent, of the present divisional patent application, are hereby incorporated herein by reference, thereto.

Please also amend page 22, paragraph 2 to read as follows:

This specification and drawing figures are a divisional of parent patent application, serial number 09/795,170, filed February 27, 2001, and published as U.S. Patent Application Publication No. 2002/0121794 A1, on September 5, 2002, and issued as U.S. Patent Number 6, 742, 822 (2004). The entire declaration, oath, specification, disclosure, and drawing figures, and each of them, from said parent patent application are relevant and related to the present disclosure and divisional patent application, and are hereby incorporated herein by reference, thereto.
